Tandara Lutheran  
Camp

**Traineeship**

*'A year of service...'*

Tandara Lutheran Camp is a non-profit organisation and an arm of the Lutheran Church of Australia - Victorian/Tasmania District. Tandara was built by the Lutheran Youth of Victoria and was opened in 1969.

Since then Tandara has had many improvements and today offers heated dormitory styled accommodation with ensuites for 120 guests, large recreation hall, lounge room and meeting room, BBQ area and large grounds in the most beautiful area of the Grampians.

2020 will be the 7th year that Tandara has offered Traineeships to our youth.

Through the program we have seen young people grow to a new level of Spiritual maturity and then into leadership roles in the community. Tandara will be offering several young people to under-

take this year of opportunity and maybe a future in camping at the conclusion of this year.

## Why become a Trainee?

A Traineeship is very different from any other job! It is a year of serving others, a year to focus on Christ at the centre and a year of personal discovery and growth. During this year you will learn about relationships with others, encouragement, listening, conflict resolution and a year of change! The main tasks are to assist with the day to day running of the campsite. This will include - food prep, cleaning and maintenance work, programming with school groups and providing Christ-centred hospitality to all groups during their stay. However, a Traineeship is much more than this. Trainees are led through experiences based on deepening their faith and growing together as a team. This includes organising work priorities, hospitality, first aid, customer service, working with people with disabilities, leading outdoor activities and policies and procedures.

## What does the future hold?

Many of our Trainees have progressed on to become effective leaders in the community, Church workers, work at other campsites, school teachers. We encourage the best to apply for a career in camping.

## What qualifications will this give me?

Certificate III in Sport and Rec  
Certificate IV through ALC  
First Aid CPR Certificates  
LCA Professional Standards training

## Sacrifice

God refines and matures us through the tough times. Life at Tandara involves repetitive work (you will clean the same toilet many a time!) living and working in a small staff community in country Victoria. You need to be willing to sacrifice your personal time and space. You will miss out on things that may be happening back at home. The blessing comes from being a servant and being willing to put others first before yourself.

## How do I apply?

Applications are online  
[tandara.org.au/internship/](https://tandara.org.au/internship/)
