

JULY 2019

June was a time of new moves! At the start of the month, I moved to a new house at the mission centre at Ukarumpa, which I'm renting while the owners are back home in the USA for a year. Then I also started renting a 4 wheel-drive car from the Highlands Director, who left last week for 9 months furlough with his family, also in the USA. So now I'm enjoying a new house and car.

I've also begun using the Jesus Film kit. I met some school students from Marawaka, a remote location where I lived in 1982. They live about 10km from here, in a bush material house (e.g. grass roof), which they built themselves, so that they could attend high school. I've been visiting them on Saturdays and recently showed them some Scripture films in their own language. I was going to show them a Luke video last Saturday, but the battery pack died, so I plan to try again on Saturday 20th July.

Another new move was to the local gaol! I visited there with Noi, our local Gideon President, and we distributed 150 New Testaments to inmates and staff. We were very well received. I also left them a 'Proclaimer', and AudioBible with the New Testament in Pidgin English, for them to listen to. I think they'll love that the most!

Yours because His.
