

# TALK TIME

## Children

Designed to provide meaningful sharing of memories, activities, specific events and value-forming experiences of faith for small groups of people.

Children and adults are asked to share stories which reflect who they are as children of God and how they live and grow in faith together. These cards will connect with how a family is concerned with safety, does acts of kindness, forgives, plays, and affirms each other. The cards may involve drawing a picture, and then discussing it.

If you broke something and no one saw, what would you do?

How do you let people know when you're angry?

What does it mean when someone says, "I'm sorry?"

What's your favourite room at home to think about God? What's your favourite room at church?

At the end of a busy day, would you rather be with people or be alone?

If you have a problem or something's bothering you, who are the people you would talk to?

GROWING TOGETHER
