JOIN IN GOD'S MISSION

Through LCA International Mission, Lutherans in Australia and New Zealand are following our Lord Jesus Christ in *his mission to make disciples of all nations.*

- 1 PRAY** • As church, we live to worship God, serve his kingdom, encourage each other in faith and pray in the name of the One who has enduring love for us. Please pray with and for LCA International Mission partners by using our monthly prayer calendar or joining us for the monthly online prayer gathering.
- 2 GIVE** • LCA International Mission partner churches are passionate and effective in evangelism and discipleship, but often lack the financial resources to develop and extend their mission and ministry programs. By contributing financially, you are supporting our partners as they continue to share the Gospel of Jesus, seek justice and dignity for those denied their rights, develop faith communities and grow cultures of grace and peace.
- 3 CONNECT** • Join the community of LCA NZ congregations, schools, families, and individuals who are partnering with overseas brothers and sisters in Christ. Building Christian friendships across cultures is one way our church is being energised and encouraged in God's mission. You too can discover the blessings of cross-cultural Christian fellowship and be enriched by the experience of partnership.
- 4 GO** • LCA International Mission partners with churches in our neighbouring countries to share the wonderful forgiveness and hope promised through the grace of God the Father, by the Son, through the Holy Spirit. As we partner, you can join us to proclaim and receive Jesus' love through volunteering in Australia, New Zealand or in our neighbouring countries.

National Youth Conference | MYANMAR

The four Lutheran World Federation member churches in Myanmar work cooperatively under the banner of the Federation of Lutheran Churches in Myanmar (FLCM). Active participation and encouragement of young people is the strength and unity of FLCM. Your support will enable a national youth conference to help FLCM grow their young people into wise and discerning leaders. The conference aims to empower these young people as they learn how to use their talents and gifts in the ministry of their local churches throughout Myanmar.

Sekolah Tinggi Diakones HKBP

INDONESIA

The HKBP Deaconess College in Indonesia trains young women to become deaconesses. During the week, the students study subjects such as theology, pastoral counselling and social science (including psychology and health science). On Saturdays they have practical study in the hospital and prison and with the elderly and children in the countryside. On Sundays, they teach Sunday school and sing with choirs in services at nearby churches. Your support will enable the college to produce graduates who have high character, dedication and reflect Christian values as they serve.

Ogelbeng seminary | PAPUA NEW GUINEA

In 2024, Ogelbeng Seminary has an enrolment of 87 students, including 21 new students and 17 vicarage students (final year). Students are taught that if they work and serve for God's sake, seeking excellence even in the smallest task and doing so for His honour, their work is important because they are building God's kingdom. At the end of 2023, (after two and a half years without electricity) the genset was connected to the student houses, wife student classrooms, male student classrooms, the administration building, library, computer lab and the workshop. With your support, power will be connected to the teachers', staff and mission houses.

Cultivate program | AUSTRALIA

AND MALAYSIA

Cultivate is a discipleship and leadership program for young adults across Australia, New Zealand and Malaysia. Through your support, participants will learn about different spiritual disciplines and church practices across cultures. They will be encouraged in their own spiritual formation and explore and use their God-given gifts in practical ministry in their local congregation or faith community. The participants from LCA NZ and Malaysia will develop attitudes, skills and knowledge that foster healthy cross-cultural engagement and they will gain confidence in sharing the gospel with others.

Immanuel Music School | THAILAND

The Immanuel Music School project was founded in 2000 by a Norwegian missionary couple in cooperation with the Immanuel Lutheran Church, Thailand. In 2015 the project expanded to include an orchestra and today it involves 70 children aged 7-18 in classical music activities: music theology, choir and individual lessons on violin, viola, cello, double bass, guitar and piano. Through your support, music is changing the lives of hundreds of children who live in Khlong Toei, Bangkok's biggest slum. They are introduced to Jesus and given alternatives to the drug and crime infested environment where they live.

Sports Ministry | CAMBODIA

The Lutheran Church in Cambodia (LCC) pastors and evangelist team use sport as an effective tool to train, equip, and deploy committed Christian leaders for work with young people. This ministry is about sharing the gospel and equipping young people in Cambodia to understand their identity. LCC congregations provide training for 150 teenagers and young adults with a weekly Bible study and use Alpha as a tool to further connect with them. Twice a year, a sporting competition is held to bring together the athletes living in different provinces, teaching them to be united and to forgive and love one another.
