

Devastation caused by the Mocha cyclone

Rosemary Winderlich with children from Debora Orphanage

In your prayers you're invited to pray for:

- Family and friends who are grieving the death of Rosemary Winderlich. We thank God for the joy and faithful service she gave, particularly to the children of GKPA Debora Orphanage, Silangge, Indonesia
- Those living close to the sea in the Rakhine state in Myanmar, including Mara Evangelical Church members, who have been affected by the Mocha cyclone through loss of home, work, clothing, food and safety
- Unity College, Murray Bridge, SA as they offer an Indonesian experience where students learn they can serve God in service to others and receive incredible blessings through their partnership and visits with SMA YP HKBP Pematangsiantar, SD HKBP Latihan Pematangsiantar and Patmos Railway Mission
- Home of Grace, a sanctuary for vulnerable, pregnant women offered by the Evangelical Lutheran Church in Thailand (ELCT) diakonia department. Pray the Holy Spirit gives the ELCT clarity to know how he is calling them to minister to the most vulnerable in Thailand
- David and Ruth Craig as they encourage St. John's Lutheran, Dernancourt, SA in their regular and active prayer and financial support for their brothers and sisters from the Lutheran Church in Cambodia
- Rev. Dr. Y. Franklin Ishida, the Evangelical Lutheran Church in America Director for Asia and the Pacific, as he seeks to listen to their partner's priorities and strategies, empowering and building their lives for ministry
- Basel Christian Church of Malaysia BM, as they encourage youth leaders to be teaching their young people how to form deep relationships with non-believers, so they are comfortable to tell their stories of joy and pain and of how Jesus has helped them in these times
